### **Winter Storm Warning Issued for the Hill Country**

**Kerrville, Texas (January 9, 2015)** – The National Weather Service issued a Winter Storm Warning for the Hill Country effective until Saturday evening. Precipitation is expected to increase tonight as temperatures drop below freezing across much of South-Central Texas, leading to freezing rain and sleet during the overnight hours. 1/10 and 1/4 of an inch ice accumulations are possible and expected on both non-elevated roadways and surfaces, leading to dangerous travel conditions. Temperatures are expected to remain near freezing until Saturday evening.

The City of Kerrville is continuing to monitor the weather and road conditions, and crews are taking necessary action for icing conditions. Please remember that bridges, overpasses, stairs, driveways, and sidewalks can become icy, slippery, and dangerous. Everyone is encouraged to stay home if at all possible and to monitor weather forecasts. Black ice is almost invisible on the roadways and slick spots can form anywhere. Motorists with concerns about road conditions or to report hazardous areas should contact the Kerrville

Police Department at (830) 257-8181. For those traveling on major highways, current TxDOT highway conditions can be obtained by calling 1-800-452-9292 or available via twitter at <https://twitter.com/txdotsanantonio>.

For additional information contact Ashlea Boyle, Special Projects Manager at (830) 258-1153 via e-mail to [ashlea.boyle@kerrvilletx.gov](mailto:ashlea.boyle@kerrvilletx.gov) or visit the city's website at [www.kerrvilletx.gov](http://www.kerrvilletx.gov).
